

## PRODUCT DATASHEET

# Urban Court Slammer

**1627840**  
**1627845**

Introducing the Urban Court Slammer, the high-quality outdoor backstop that not only looks great but is also built to last. Boasting a sleek black frame and a see-through acrylic backboard, this backstop is guaranteed to turn heads.

But it's not just about looks – the Urban Court Slammer is designed for superior performance. It offers the same professional feel as our high-end indoor equipment, with excellent bounce and a sturdy ring made for dunking.

Whether you're playing in your own backyard or on a professional outdoor court, the Urban Court Slammer is the perfect choice.

With FIBA Level 2 approval (when used with our optional padding set **1627850**), you can trust that this backstop is built to meet the highest standards of quality and safety.

Choose from two different models:

**1627840** with a 225 cm extension

**1627845** with a 165 cm extension
