

# School Slammer

**1627010**

The School Slammer is the ideal outdoor solution for your schoolyard. Frames are made of hot-dip galvanized steel, the steel ring is galvanized and coated, fixings are made of stainless steel. The upright can be equipped with 2 main beams, in order to have 2 backboards from only 1 anchor point. Different projection, backboard, ring and height options available.

- Sturdy thick-walled galvanized post.
- Safe protrusion of 165 cm.
- White polyester backboard 180x105 cm with black markings.
- With fixed outdoor ring and nylon net.
- With anchorage set and easy mould for the correct placement.

**The above School Slammer (1627010) consists of:**
