

Pro 180° Equal Force Dunkring

2300700

New patented Pro 180° Equal Force Dunk ring for equal force flex in different directions. The competition basketball ring is FIBA Level 1 & 2 approved. The resilience of the ring is adjustable with 'positive locking mechanism'. The net attachment (without hooks) prevents possible injuries.

Highlights

- Unique on the market; Equal force on the ring while dunking from different directions
- FIBA Level 1 & 2 approved
- Standard on the Super SAM 325 PRO (1612200)
- Resilience of the ring adjustable with 'positive locking mechanism'
- Standard hole pattern (102x127 mm) for direct mount on Super SAM
- Net attachment (without hooks) prevents possible injuries

LEVEL 1 + 2
