

Handball goals for club and school competition

1615730

1615735

These freestanding aluminium goals for school and club competition are suitable for handball, indoor football and indoor hockey. The sturdy, thick-walled aluminium goal frame with rounded corners prevents players from getting hurt. The support frame is fixed to the floor in no time thanks to the quick lock tension system. The goal has foldable net supports for freehanging net suspension and a separate easy-to-fit rear bar.

Technical specifications:

- Goal frame:** Stable, thick-walled aluminium with rounded corners, profile 80x80 mm, wall thickness 2 mm. Inner dimension 3x2 m conform to current standards. Impact-resistant white epoxy coating and blue stripes.
- Corners:** With internally bolted frame corners (without protruding parts).
- Net supports:** Sturdy, collapsible bright galvanized metal net supports (Ø 35 mm). The goal has foldable net supports. Easy installation.
- Net hooks:** min. 35 plastic hooks to connect the net, completely embedded in the rear construction of the goal for maximum safety.
- Finish:** Goal frame and net supports have plastic vent plugs, preventing damage to the floor.
- Floor connecting system:** The freestanding goals must always be connected to the floor. Contact us for the correct floor attachments.
- Delivery:** Delivered unassembled for easier transport. Simple assembly.
